

Something for Everyone!

The City of San Antonio, Alamo Area MPO, Bexar County, TxDOT and other transportation partners are working to increase bike ridership for daily travel and to improve cycling safety by making our bike network accessible, direct and continuous. Bicycling is a convenient, simple and fun transportation option, and the Alamo Area is gaining more opportunities to get out and pedal! With its popular greenway network of paved off-road paths, a growing on-street network of bike lanes and routes throughout the city, and over 50 bike share stations along the San Antonio River and downtown core, there is something for every bicyclist in San Antonio!

Safe Passing Ordinance

Three feet. Three feet can save lives. The City of San Antonio's Safe Passing Ordinance sets a safe distance for motorists passing vulnerable road users such as bicyclists, pedestrians, construction workers and motorcyclists. Safe passing distance is defined as 3 feet for cars and 4 feet for commercial vehicles when road conditions allow.

Similar ordinances have been passed in more than 20 other Texas cities including Austin, Dallas and New Braunfels.

SAN ANTONIO Bicyclo

Sign in. Select your bike. Ride. Return.

San Antonio Bicyclo is a new choice for getting your most convenient and quality with more than 50 stations throughout the downtown area along the San Antonio River. Sign in today. Greenways

The City of San Antonio's **Howard W. Peak Greenway Trails System** is an ever growing network of multi-use trails and bike trails that wind through natural landscapes along Salado Creek, Leon Creek and Medina River. There are currently 40 miles of developed greenway trails open to the public with about 40 additional miles of trail underway. Another popular greenway trail, the **River Walk**, follows the San Antonio River as it meanders through the heart of the city. From its northern to southern limits, the River Walk is over 15 miles in length and connects to over 2,000 acres of public park land, making it one of the nation's finest linear urban parks. While bicycling is a wonderful way to experience the greenway system, it is appropriate to walk your bike along certain trail segments. Please pay attention to directional signage as you travel the greenway system.

Salado Creek Greenway

Section S1	From Hamilton Road Area
Section S2	From Midway Park to Loop 160 Segment
Section S3	From Loop 410 to Wetland
Section S4	From Jack White to Compton Park
Section S5	From Compton Park to South Lakes Park

Map and Road Legend

Bicycle Facilities
improvements and provisions made by public agencies to accommodate or encourage bicycling

- Shared-Use Lane**
A portion of a roadway designated by striping, signage, and markings that is shared by bicyclists and motor vehicles traveling in the same direction. Shared-use lanes are for the exclusive use of bicyclists and motor vehicles traveling in the same direction. Shared-use lanes are recommended for use on roads with a posted speed limit of 35 mph or less.
- Shared-Use Route**
A roadway which appears to both bicyclists and motor vehicles travel that has been designated by striping, signage, and markings that is shared by bicyclists and motor vehicles traveling in the same direction. Shared-use routes are recommended for use on roads with a posted speed limit of 35 mph or less.
- Shared-Use Path**
A multi-use path separated from the roadway by an open space or barrier. Shared-use paths may also be used by pedestrians, skaters, roller skaters, joggers and other non-motorized users. Shared-use paths are recommended for use on roads with a posted speed limit of 35 mph or less.
- Greenway or Park Trail**
A recreational trail that is not a roadway. Trail surfaces may vary from concrete, asphalt, gravel to grass. Subdivisions of trails may be identified through a network of markers.
- 4 ft. or Greater Shoulder**
A roadway with a paved shoulder in which it is recommended that bicyclists riding eastbound on unidirectional bicycle riding eastbound on unidirectional roadways.
- Trailhead**
- Mission**
- Library**
- University**
- Museum**
- Bicycle**
- Park**
- Community Garden**

Share the Road

A person operating a bicycle has the same rights and duties applicable to a driver operating a vehicle.

Local Bicycle Laws

- Follow the Rules of the Road**
People on bikes, just like motorists, must obey all traffic control devices: take a break and relax at red lights.
- Keep it on the Street**
Riding on the sidewalk is dangerous for both bicyclists and pedestrians and is restricted by City of San Antonio ordinance.
- Ride with the flow of Traffic**
Riding against traffic (Wrong-Way) is illegal in all 50 states.
- Choose the Right-most Lane**
Use the right-most lane that serves your destination.
- Respect Right-Of-Way**
Yield to traffic in busier lanes. Leave crosswalks clear for safe walking.
- Be Bright at Night**
Bicyclists riding at night are required to equip their bicycles with a white front light and a rear red reflector or red light visible from at least 500 feet.

Tips for Riding

- Protect your Head**
Helmets help protect your brain if you fall. Wear a properly fitted helmet every time you ride.
- Signal Turns and Lane Changes**
Do not weave in and out of parked cars or ride between lanes of moving traffic.
- Travel in a Straight Line**
Don't hug the curb. Ride in the right tire track of the lane where you can be seen from a safe distance. Unless in a bike lane, don't pass stopped cars on the right; motorists are not looking for other vehicles there.
- Stay out of the Door Zone**
Stay out of the door zone: 3-5 feet from parked cars (even in a bike lane). Scan ahead.
- Avoid Steel Grates**
Avoid steel grates and utility covers, especially when wet. Call 311 to report roadway issues.
- Limit Distractions**
Wearing headphones is not recommended. Keep ears clear!
- Watch for Rails**
Use caution when crossing tracks. Ride over rails at a right angle (90 degrees).

Tips for Riding Trails

PLAY IT SAFE

- Open Trails**
Country trails are only open sunrise to sunset!
- Ride at a Casual Speed**
Be aware of your surroundings. Slow down when riding through woods and meadows.
- On Your Left!**
Pass on your left! Let others on the trail know you're approaching by calling out "left!" or "your left!" and thank them after passing.
- Group Travel**
Enjoy the parks and trails with a friend or in a group. During times of heavy traffic, travel in a single file.
- Know Who to Call for emergencies, call 911!**
For non-emergencies of if you see someone in a dangerous situation, call 202-SAFE (202-222-7229) dial 311 to report road issues.
- Come Prepared**
Bring plenty of water, sunscreen, and an extra tube and tools.
- Please Don't Litter!**
Pick up after yourself and keep the trail beautiful.

SHARE TRAILS

VIA's Bike and Ride

All VIA buses are equipped with bike racks on the outside, front of the bus, and can accommodate two bikes. Once the bus comes to a complete stop, step off the curb with your bike. (1) If the bike rack is empty, lift the handle on the bike rack and lower it into position. (2) Lift your bike into the space reserved for the bus. (3) Pull the hook over the front wheel to secure your bike.

- Lift handle to release rack. Lower rack into position.
- Place bike in rack as indicated.
- Pull hook out from wheel and front wheel.
