## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

*Protecting Texas by Reducing and Preventing Pollution*

June 29, 2023

Achille Alonzi, Division Administrator  
Federal Highway Administration, Texas Division  
300 E. 8th Street, Rm 826  
Austin, Texas 78701

Subject: CORRECTED Transportation Conformity Review and Concurrence

Dear Achille Alonzi:

Thank you for the opportunity to review the *2023 Transportation Conformity* report and associated documents submitted by the Alamo Area Metropolitan Planning Organization (AAMPO) for *Mobility 2050* and the *2023-2026 Transportation Improvement Program (TIP) for the Alamo Area*. The TCEQ is satisfied that all requirements have been met and transportation conformity has been demonstrated.

The purpose of this conformity analysis was to determine if the AAMPO's 2050 metropolitan transportation plan (MTP) and the 2023-2026 TIP are consistent with area emissions requirements for the Bexar County Ozone National Ambient Air Quality Standard (NAAQS) Nonattainment Area. Bexar County is a moderate ozone NAAQS nonattainment area without previously approved motor vehicle emissions budgets; therefore, the area is subject to interim conformity test requirements per 40 Code of Federal Regulations (CFR) §93.119. AAMPO performed both *build vs. no-build* and *less-than-baseline* tests under 40 CFR §93.119(b)(1) for the analysis years 2025, 2035, 2045, and 2050. AAMPO successfully demonstrated conformity for each analysis year.

If you have any questions about our review, please contact Jamie Zech of my staff at 512-239-3935 or [jamie.zech@tceq.texas.gov](mailto:jamie.zech@tceq.texas.gov).

Sincerely,

Donna F. Huff, Deputy Director  
Air Quality Division  
Texas Commission on Environmental Quality
